About Excel Career Institute

Excel Career Institute is a Minnesota Career School that offers undergraduate career certificate programs for adults seeking to enhance their professional skills. Our online programs can help you learn what it takes to start a new business or advance in your career.

Why choose Excel?

Our online certificate programs can help you increase or enhance your current skills or prepare for a new career. Courses are highly practical and instructors are highly qualified leaders in their field. Excel's convenient online courses are a great way to train for a new career on your terms. Busy adults appreciate the flexibility of our online certificate programs. Maybe you are considering a new career in a professional office, or perhaps you already have a degree, but wish to enhance your knowledge in management and leadership, accounting, marketing, business law, economics or finance. Our short-term online programs are a great way to get the training you need in months and not years.

Students will value Excel's easy to follow course format and online delivery. All materials are included in the online courses, so there are never any extra course material fees.

Students will also appreciate our dedication to service. Our students are our top priority. We have a dedicated team of support staff and instructors to help you every step of the way. Our staff is available for on-demand student support during normal school hours. Excel deeply values our students and we look forward to helping you achieve your career goals!

Program Requirements

An undergraduate career certificate is awarded upon completion of five (6) credit courses for a total of (30 credits), with a grade of "C" or better. Students must have an accredited high school diploma, GED, or equivalent to enroll.
